THEY'VE been married for less than a year, but George Clooney's wife Amal is already looking to fix what's left of her relationship – by having the couple's first child!

But because she's frantic as a superstar attorney, 37-year-old Amal is skipping pregnancy and getting ready for a kid via surrogacy!

"Amal would like to take a year off for a baby, but has told George the whole 'pregnancy thing,' as she calls it, would really hinder her work and travel – especially since she goes to places that might not be the best place to be pregnant if

FOUR-MIDABLE REESE!

Witherspoon wants to add to her growing brood

FRESH off an Oscar season that saw her earn her second nomination, Reese Witherspoon is turning her attention to having a second baby with husband Jim Toth.

"Reese is happy with her three kids – including her son Tennessee, 2, with Jim – but Jim wants a second baby of his own," a close friend of the couple told The National ENQUIRER.

Reese's two older children, Ava, 15, and Deacon, 11, are from her first marriage to "Secrets and Lies" star Ryan Phillippe.

The friend revealed: "Jim loves Ava and Deacon as if they were his own. But he's ready to extend their family even more!"

It would be a great time for Reese, 39, to focus on her personal life, friends divulged.

"She doesn't have much on

her plate right now," according to one pal. "She scheduled a lull after all the awards season madness."

Reese will be promoting her upcoming flick with Sofia Vergara, "Hot Pursuit," but "it's not out until May 8," an insider said. "Her next film, with Matt Damon, isn't scheduled to start shooting until next year ... so she's got time!"

According to friends, she might have the right motivation. Reese had planned to have kids young and move on from that part of her life, but her powerful talent agent hub-

she has an emergency," an insider told The National ENQUIRER.

Amal has even consulted with stars like Nicole Kidman and Sarah Jessica Parker about surrogate pregnancies and how to protect her privacy!

"She's willing to pay a minimum of \$5 million to a surrogate, and another \$4 million to keep it quiet," revealed the source.

Amal is also motivated by George's wandering ways – with The ENQUIRER recently revealing his constant flirting with sexy co-star Scarlett Johansson on the set of the 2016

movie "Hail, Caesar!"

"At this point, George will do anything to get Amal off his back," added the source.

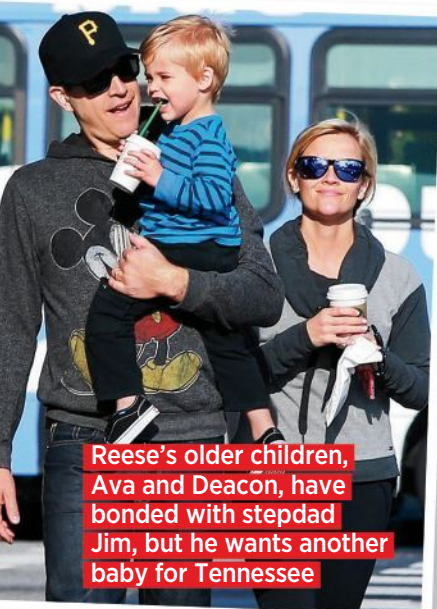

"Their marriage has been going rotten almost from the beginning, since

George is a cad and hasn't lived up to the promises he made to Amal when they were engaged."

That leaves Amal's friends fretting over whether her big decision is the right

one. Said the insider: "Money means nothing to George – and if Amal wants to take care of a baby, he figures that's her thing, not his. Her plan might backfire, but she isn't giving up!"

by, 44, has changed her mind.

"She wasn't sure if she was ready to start changing diapers again," a pal said. "But marrying Jim has been a definite curveball. He's got her excited about having kids again."

"She also thinks it would be nice for Tennessee to have a brother or sister close to his age," the friend added.

Reese and Jim have been glowing lately, leading insiders to suspect she might be pregnant already!

"Jim has been extremely happy, so either she's pregnant or he's just extra glad they're trying."

SMART MOVE!

J.Lo gets cozy with on-off-on again lover Casper

IF LIP-locking on the street means anything, Jennifer Lopez and Casper Smart are going around the block again!

In January, The National ENQUIRER was first to reveal the "Jenny from the Block" singer and her former backup dancer were back on after he allegedly cheated

with two transsexuals. At the time, reps denied the reconciliation.

Then, last week, 27-year-old Casper dropped by to pick her up after work on "American Idol" – and got a very affectionate kiss on the lips!

Looks like he's more than just a chauffeur, but may be less than permanent.

Mom-of-two J.Lo has insisted she's still a bachelorette, declaring: "I mingle a little bit here and there, but you know, I'm single."

J.LO & DITCHED BOYTOY CASPER REUNITE IN VEGAS

JENNIFER Lopez has gotta have it – romance, that is! The pop diva was spotted back together with her on-again, off-again boyfriend, Casper Smart in Las Vegas!

J.Lo, 45, and her choreographer boyfriend, 27, jetted into Sin City on Dec. 26, sources

exclusively told The National ENQUIRER.

"It was just Jennifer and Casper – no kids," said an

eyewitness.

"They were staying at The Palazzo. She was there for rehearsals for her stage show on New Year's Eve."

SETTING THE RECORD STRAIGHT

In the recent "Special Investigation" edition of The National ENQUIRER entitled "TRUTH EXPOSED 20 YEARS LATER" about the murders of Nicole Brown Simpson and Ron Goldman, we wrongly referred to Gretchen Stockdale as a "retired topless dancer." We acknowledge that the reference is false. Ms. Stockdale has never worked as a topless dancer. We regret the mistake and sincerely apologize to Ms. Stockdale for publishing the error.

Ellen & Portia: TH THAT'S TURNED

**They used to be inseparable,
now they're *LIVING APART!***

E LLEN DeGeneres and wife Portia de Rossi are leading separate lives, leaving friends fearing they're headed for an explosive \$220 million divorce battle!

The National ENQUIRER conducted an exclusive, weeklong investigation into the Hollywood power couple's current living arrangements.

Our undercover team observed Ellen, 57, frequently traveling between her main residence in West Hollywood to a separate L.A. hideaway, where she's believed to be

splitting her days and nights.

Meanwhile, Portia, 42 – who on March 20, looked visibly gaunt and stressed in exclusive new pictures [above] – is staying at the couple's sprawling West Hollywood property.

ADDING FUEL TO the fire, The ENQUIRER can reveal they are also spending their downtime separately – even though Ellen's talk show is currently on a hiatus!

"Things have definitely been difficult for Ellen and Portia recently, so it's no surprise to hear they're spending time

On March 23, talk show host Ellen was spotted with a mystery brunette – and no Portia!

Portia was seen recently looking extremely distressed while walking her dog alone

THE DREAM MARRIAGE INTO A NIGHTMARE!

apart," the insider said.

Another set of exclusive snaps obtained by The ENQUIRER showed Ellen enjoying an intimate outing with a mysterious woman on March 23 – and Portia was nowhere in sight!

"It's clear something's not right, because Ellen and Portia have gone from being totally inseparable to barely doing anything together," an insider divulged.

"THERE WAS A time they were joined at the hip and would make every moment count when Ellen had time off. Sadly, that appears to be a thing of the past, and you have to wonder what's up in their marriage."

Days before the pair's solo

outings, they were all smiles at the GLAAD Awards. Just a few days later, the troubled couple was spotted leaving Cedars-Sinai Hospital, and looked anything but happy.

Sources close to the situation also noted that while they are keen to present a united front when the cameras are rolling, behind the scenes it's a different story.

"Ellen and Portia are very concerned with their public image, but there's a growing sense they're faking their happiness for the cameras," one insider told The ENQUIRER. "There's been a

huge amount of tension behind the scenes for months, and although they deny it, it's well-known within their inner circle that they've been through an extremely rocky patch that very nearly wound up in the divorce courts."

Portia checked into rehab last year, reportedly after prolonged fighting with Ellen forced her to drown her sorrows in booze.

AROUND THE SAME time, the "Ally McBeal" actress and Ellen were said to have gotten into an "epic fight" en route to an awards show, forcing them

to cancel their appearance at the last minute. The pair denied that brawl.

ADDING TO THE tension, according to the source, was Ellen's recent confession to Matt Lauer that she's not interested in having children.

Speaking to the "Today" host on March 17, she shot down the idea of starting a family with Portia, saying, "I love kids. But that's such a big commitment."

"It was so thoughtless of Ellen to speak on her and Portia's behalf about something so personal and sensitive," the insider said. "Portia would have found Ellen's comments especially offensive, since she hasn't given up on being a mom one day."

"They're faking their happiness for the cameras"

Jenner's so overjoyed with his C-cups, he's going back for MORE!

BRUCE Jenner is getting A's for his new C's - his 44C bra size, that is!

Now The National ENQUIRER can exclusively reveal the 65-year-old gender-bending Olympian has gotten a boob job, and is recuperating at his secluded \$3.5 million Malibu bachelor pad.

"Bruce had silicone breast implants a few weeks ago," a source close to the father of six told The ENQUIRER.

"There will likely be another surgery. Bruce might want to go a little bigger. But he

has to wear a bra 24/7 for the next several weeks post surgery."

While his recovery has gone smoothly, "Bruce has had to sleep in a recliner to help with the healing," dished our Jenner source.

"He's not allowed to lift anything. He's expected to resume normal activities in the next six weeks."

The reality-TV fixture managed to keep his latest surgery under the radar - until now. He mysteriously slipped out of sight in mid-March, and

hasn't been photographed since March 14.

While he's yet to publicly confirm his transition to female, Bruce has broken the news to his mother, Esther, as The ENQUIRER recently reported.

He's expected to discuss his blockbuster gender change in an upcoming interview with TV news powerhouse Diane Sawyer.

The 6-foot-2 former athlete - a gold medal winner in the decathlon at the 1976 Olympic Games - has slowly and surgically inched his way toward womanhood over the past months.

He's gone under the knife for nose jobs, an Adam's apple-reducing laryngeal shave

and a facelift. He's also had filler injections

and hormone therapy. Besides that, he's been photographed wearing his long hair in a ponytail, and wearing red nail polish on his manicured fingers.

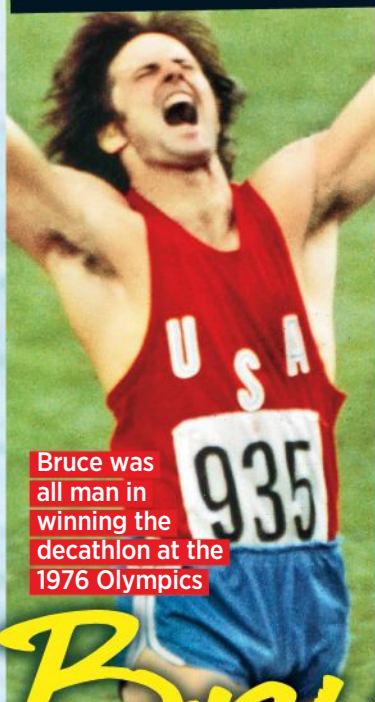

But the pivotal moment is still at least two months away, according to the source.

"The gender reassignment surgery will take place in either May or June," our insider confided. "Bruce has been emotional, but feels this is the body he was meant to have."

"It hasn't been an easy road for Bruce - but after years of living a lie, he's telling friends, 'I'm finally happy!'"

Merry Mariah hit the Caribbean
beach with director pal Brett

CAREY'S **FAIRY** **TALE** GETAWAY!

MARIAH Carey is already on to a new romance with the controversial film director behind some of her sexiest videos!

The pop diva has bounced back from her split with ex-hubby Nick Cannon, and is already canoodling with Hollywood hot shot Brett Ratner - whose credits include the "Rush Hour" comedies and last year's "Hercules," - The National ENQUIRER has exclusively learned.

Brett made headlines in 2011 when he had to resign from directing that year's Academy Awards after making gay slurs and publicly mocking actress Olivia Munn.

And now the "Heartbreaker" singer has been getting cozy with her old pal. Their March birthdays are just a day apart, and the two jetted to St. Bart's on the 27th to celebrate. This was only days after the new power couple went public on a dinner date at Craig's in Beverly Hills.

Mariah, 46, was recently accused in separate suits filed by her former assistant and nanny of being a boozed-up tyrant prone to temper tantrums. But that didn't stop

her from boarding a private jet from Los Angeles to the Caribbean - where she was rumored to be on a \$70 million yacht called the Ultima III.

Show goes on for BRAVE CELINE!

CELINE Dion will fulfill husband René Angélil's dying wish and return to the stage to sing for him one last time, sources have told The National ENQUIRER.

"He also wants to see her relaunch her career," said a family friend.

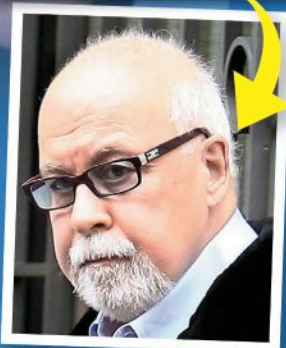

The 47-year-old superstar announced she would perform at The Colosseum at Caesars Palace in Las Vegas on Aug. 27.

Celine has devoted the past year to caring for her 73-year-old husband and their three children – René-Charles, 14, and 4-year-old twins Nelson and Eddy – during René's ongoing battle with cancer.

As The ENQUIRER has reported, René was first diagnosed with cancer in 1999, and underwent surgery that year to remove a "squamous cell carcinoma" from the right side of his neck.

In December 2013, the couple was shocked to discover that the cancer had returned. René had part of his tongue removed, and has since undergone more than 130 radiation treatments. Sadly, he

Dion's gift to DYING HUBBY

can no longer speak. "René was unable to swallow or eat ... and Celine believed he would die," disclosed gossip columnist and longtime friend Robin Leach.

Celine canceled her Las Vegas shows and a planned tour of Asia to care for René – who stepped down as her manager in June.

The "Because You Loved Me" singer also revealed that René must be nourished through a feeding tube. "I am scared of losing him because it's bad," said Celine.

"But I have to show myself, my husband and my kids that I'm strong, and we're okay."

Celine was just 12 years old when she met René – then 38 – in 1980, when her mother sent the music producer Celine's demo tape.

The pair had their first date when the star was 19, and they married on Dec. 17, 1994. Now the "My Heart Will Go On" singer is worth a staggering \$720 million – and her show will go on as a tribute to René.

"I'm doing it for him," Celine said. "I'm doing it for my fans."

OPEN LETTER BOMBHELL

Adopt scandal mom rips Rosie!

ROSIE O'Donnell is living every adoptive parent's worst nightmare – after the bombshell revelation that a 37-year-old woman had come forward, via The National ENQUIRER, to sensationally claim the ex-talk show host "stole" her child.

Now, in a twist to the saga that made news around the nation, Deanna Micokey has penned an open letter during which she has blasted the showbiz juggernaut over what she alleged was the illegal adoption of her 17-year-old daughter, Chelsea, while she was high on drugs.

"I went seventeen years without my daughter," she wrote.

"The hurt I have I can't express it enough, what you and your so-called agency has done to me and my family! You did the worst thing a woman could do to another woman," she added, insisting, "The only thing that gives me comfort is God willing Kayla [Chelsea's adopted name] will be eighteen and my doors are always open to her. I love Chelsea (Kayla) unconditionally."

Speaking exclusively to The ENQUIRER, Deanna said she penned the missive to the one-time daytime diva because she wanted "the world to know how I feel about how the illegal adoption process that I believe that Rosie was involved in."

Tragically for Deanna, she said her daughter has not communicated with her since this story became public.

"I'm sure Rosie has told her to cut me off," she said. A spokesperson for Rosie lambasted the woman for stepping from the shadows, declaring: "It is awful that this woman decided to go public."

Shriek attack by crazy lady makes 'Gone Girl' GONE!!

Gorgeous "Gone Girl" stunner **ROSAMUND PIKE** – who broke through as a major star in the chilling story of a conniving, ruthless woman who convinces the world that husband **BEN AFFLECK** murdered her, then happily resumes their marriage – spent a pleasant afternoon grocery shopping at a WeHo supermarket, strolled into the checkout line – and FREAKED! Said My Super-Spy: "Rosamund had a full cart of food and was patiently waiting in line when a crazy lady suddenly started screaming in her face, ranting and raving that she should be ASHAMED for playing a psycho killer in 'Gone Girl!' Customers and staff tried to calm the woman, but her tantrum turned so bizarre and downright frightening that Rosamund abruptly bolted and split for the street – abandoning her cart!"

'CAESAR' CLOONEY WIELDS HIS IMPERIAL SCEPTER, MAKES 'CLEOPATRA' AMAL SQUEAL WITH DELIGHT!

TALK about gettin' a gal swooney! **GEORGE CLOONEY** abruptly unleashed the naked power of his superstar sexiness on hot new bride/lawyer **AMAL**, who finally got to observe His Hubby-ness upclose and movie star-handsome under lights on a soundstage as he filmed new flick "Hail, Caesar!" ... dressed in a body-hugging leather tunic as the legendary, all-powerful Roman emperor! Amal's world *really* exploded when George took a quick camera break and hugged her close, whispering that Caesar truly wanted to *seize* her – and wasn't wearing a *stitch* under his toga! Revealed My Roamin' Spy: "George knew Amal would be visiting that day, so when she arrived, he whispered that he wasn't wearing *anything* under his gladiator gear – and she instantly reacted, cooing how 'hot' he looked in Caesar garb! So George shortly called for a break – and the lovebirds disappeared into his trailer for quite a long while! Both finally emerged wearing huge smiles and George later giggled to pals about how much Amal had LOVED playing his passionate Cleopatral!"

The psychic acts as a kind of interpreter, letting Taylor send her cats direct messages to assure and comfort them - letting them know how much they are loved." Shake *that* meow off, pussycats!

Beach bum-py Biel!

WITH her due date looming and her baby bump booming, mom-to-be Jessica Biel's spending time with her own mom while hubby Justin Timberlake is off golfing. The ladies were spotted on March 24 with a smoothie while on a sandy stroll in Marina del Rey, Calif. The couple told pals this might be one of her last outings before the birth, and they've also been spotted stocking up on groceries. No word on whether they bought diapers!

MATT GETS INTO LARA'

Horndog Lauer and did it drive hub

Matt's wife Annette has kept a close watch on his phone

LESS than 30 days after The National ENQUIRER exposed Matt Lauer's lust for his morning rival Lara Spencer, the blonde bombshell shocked the tight-knit television industry with the announcement that her 15-year marriage has torpedoed!

"After a lot of thought, care and consideration, we have decided to end our marriage," she said in a statement.

"It's a sad decision that did not come easily, especially because we respect

and love each other and our children.

"They remain our top priority. We will raise them and care for them together."

But behind the scenes, the split has been anything but civil, The ENQUIRER can reveal - with allegations of shameless flirting and that she abandoned the union!

"THE RELATIONSHIP really fell apart when Lara was working for 'The Insider' and they were living in Los Angeles," a source told The ENQUIRER.

"She was never home and was always working."

Lara's soon-to-be ex-husband David, 47, had been the primary caregiver for their two children, Kate, 10, and Duff, 13, added the insider, causing more strain.

"Lara was the primary breadwinner," said the source.

"Even though David

BITTER exes Tom Cruise and Nicole Kidman are still at war - but now it's over their adopted kids!

The once golden couple is clashing over 20-year-old son Connor's wild partying, and how to reconnect with reclusive daughter Bella, 22, sources told The National ENQUIRER.

The two plan to meet, even though they've barely spoken since their 2001 divorce. "Everyone knows they can't stand each other," said a close pal.

The issues are Tom's concerns over DJ Con-

AS THE ENQUIRER previously reported, the notorious "Today" womanizer, 57, was even busted by his long-suffering wife Annette for flirting up a storm with the leggy 45-year-

old anchor, multiple sources said.

Lara once accidentally dialed Matt from her cell-phone and Annette took the call!

SAID A SOURCE: "Matt and Lara became overly-fast pals. Their closeness raised eyebrows!"

Meanwhile, Matt remains in a desperate battle to make his own marriage survive in the wake of the scandal.

"It's been a living hell for Matt now that Annette is on to him and Lara," said a mutual pal.

"She's put him in the doghouse, and you can bet your bottom dollar she has him on a short leash!"

"Now that Lara is ending her marriage, Annette has a lot to worry about. She's on high alert," added the insider.

"Annette wants Lara to stay clear of Matt – and double that for him hanging out with her any time soon," said the source.

"She's demanding that he delete her contact information from his phone!"

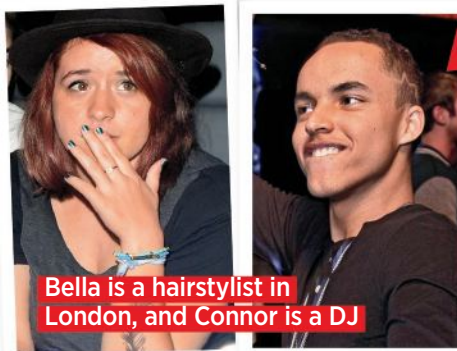

Battling Tom and Nicole to meet for the sake of the kids

nor's late nights, and Nicole's anxiety over Bella's lack of contact since she moved to England two years ago, sources revealed.

"Tom knows that being a DJ means working late, but he's not happy with Connor posting photos of himself coming home at daybreak," said one Cruise buddy.

Meanwhile, Nicole's upset that Bella has basically cut all ties.

Both parents want Bella in America so they can spend time with her, said Nicole's friend, adding: "It's the only thing they agree on."

COCKPIT **CRAZIES!**

DERANGED pilot Andreas Lubitz sent a German airliner crashing into the French Alps in a homicidal frenzy that killed all 150 people aboard!

And now a National ENQUIRER investigation has revealed that Washington bureaucrats are doing nothing to protect Americans from similar maniacs — trusting mentally ill pilots to “self-report” if they plan to kill themselves and their passengers!

The world is still mourning the victims of 27-year-old Lubitz, who murdered a plane full of innocents while taking his own life on March 24.

The unhinged pilot had been prescribed several medications to treat his severe depression over recently breaking up with his girlfriend.

None of those drugs, how-

Heavily-medicated pilots flying all over the U.S.

ever, prevented Lubitz from locking the plane’s captain out of the cockpit during the fatal flight, leaving his superior attempting to break down the cabin door as the crazed pilot turned Germanwings Flight 9525 into a death trap.

And there’s no reason to be-

lieve that American airlines are protected from pilots with similar death wishes!

“You have to get your physical, but there is no requirement for regular psychological or psychiatric examinations of pilots,” said Brian Alexander, a New York lawyer, pilot and leading air safety expert.

In 2010, the Federal Aviation Administration announced that pilots with “mild to moderate depression” can fly under the influence of four powerful antidepressants.

But in 2004, the Food and Drug Administration forced manufacturers to label those drugs with warnings that the medications can increase the risk of suicidal feelings.

Brian insists the real issue isn’t whether the drugs improve or worsen mental illness.

As he told The ENQUIRER: “Once a pilot is on them, that is a red flag. That person should be on a heightened level of monitoring.”

Meanwhile, some American families have already suffered at the hands of Lubitz. That includes 65-year-old Raymond Selke, who lost his wife — Pentagon intelligence expert Yvonne, 57 — and 23-year old daughter Emily in the crash.

“I have no ability nor wish to speculate on what transpired on that plane,” Raymond told The ENQUIRER in an exclusive interview.

“All I know is a tragedy has occurred that has affected my family deeply, and we will deal with this together.”

INVESTIGATION...

KILLERS WHO CRACK ON 'HAPPY PILLS'

DOOMED German-wings pilot Andreas Lubitz joins a rogue's gallery of mass killers who popped mind-bending prescription drugs to combat depression.

Critics have blamed many mass shootings on powerful psychotropic medications such as Zoloft, Prozac, Paxil, Ritalin and other drugs.

Adam Lanza, 20, had been prescribed antidepressants before he went on a December 2012 shooting rampage at Sandy Hook Elementary school in Newtown, Conn., but he had just stopped taking the medication.

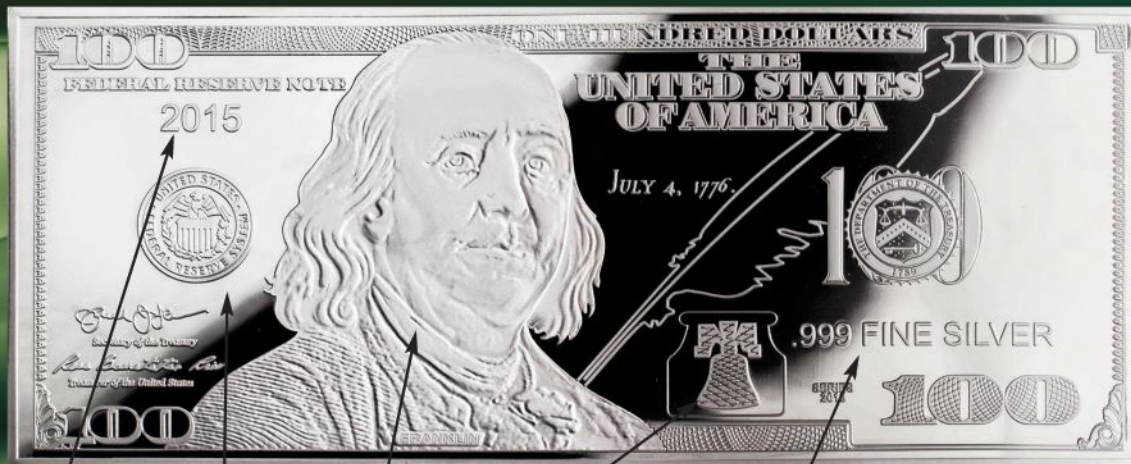

The heartbreaking massacre left 20 first graders and six adults dead. Lanza, who committed suicide, also killed his mother.

Pill poppers Eric Harris, 18, and Dylan Klebold, 17, killed 13 and wounded 24 during a shooting rampage at Colorado's Columbine High School in April 1999. They also committed suicide.

Army Specialist Ivan Lopez was under the influence of psychiatric medication when he shot and killed three and injured 16 more in April 2014 in Fort Hood, Texas. Lopez also killed himself.

CITY TO CITY KITTY!

Cute cat Kevin travels 4,500 miles coast to coast to get home!

ME-OWZA! Some cats love to wander, but an orange tabby named Kevin needs a travel agent!

Almost two years ago, the “inside” cat decided to see the “outside” world – and vanished from his home in Anderson, S.C.!

Kevin’s itchy paws took him on an epic 4,500-mile trek to California and back, qualifying him for frequent flier miles!

When Kevin disappeared in June 2013, “I assumed someone picked him up,” his owner, Cheryl Walls, recalled. “I thought he was gone forever.”

Her kitty sure isn’t telling

how he ended up 500 miles south in Florida, before adding some extra mileage to his impressive itinerary.

Kevin hopped aboard a U-Haul trailer in the Sunshine State that carried him more than 2,000 miles – to the Arizona/California border!

While the truck was pulled over at the state line, inspectors heard muffled meowing and found the furry stowaway.

A dehydrated Kevin was taken to an animal shelter in Riverside, Calif., where workers discovered a microchip under his skin.

“We got the message that he had been found in California!” said a stunned Cheryl. “I mean, after that long, I didn’t think there’d be any chance we’d be seeing him again!”

Kevin’s back at home with Cheryl in South Carolina after stretching his legs for a couple of years

Donors paid for Kevin’s flight back to South Carolina, and he was finally reunited with a delighted Cheryl – who said: “Now he’s seen more of the country than me!”

Little Gardell’s icy miracle!

HE SPENT an hour and 41 minutes without a pulse – but an ambulance crew and doctors refused to give up, and a 22-month-old Pennsylvania toddler miraculously returned to life!

Gardell Martin was outside with his two brothers on March 11 – where the weather had once again dipped down to freezing in the tiny town of Mifflinburg, Pa. – when he fell into a stream on his family’s property!

His unconscious body was found by a neighbor a quarter-mile downstream. The Mifflinburg Community Ambulance Squad

was called, and told The National ENQUIRER they began an epic round of CPR!

In fact, CPR continued “in the ambulance, at a community hospital, aboard a medical helicopter and in the emergency room of Janet Weis [Children’s Hospital].”

Dr. Frank Maffei, the supervising doctor, ordered that CPR be continued while his team slowly brought up Gardell’s temperature – and found a pulse at 82 degrees!

“There is no doubt in my mind it’s a miracle,” said Gardell’s mother, Rose.

“God had the right people in the right place at the right time, and they all did a wonderful job.”

Young Gardell is happy to be back in his mom’s arms after being pulled from the frigid water

No more fun for Joe

RE: "Jailed Teresa's Hubby in Pay-For-Sex Scandal" [Mar. 30]: Soon the tables will be turned on Joe Giudice after wifey Teresa's prison release in June of 2016. While Teresa's enjoying her new life, jovial Joe will have the pleasure of being surrounded by other inmates. It'll be payback for screwing the government out of tax money that was rightfully theirs.

-Rochelle S.

Chill out, Neil!

RE: "Harris: The Dad From Hell!" [Mar. 23]: Neil Patrick Harris should forgo that cup of coffee. It's obvious he has had too much caffeine already. Maybe the child was afraid of the icy steps! No

Roseanne for 'The View'

Yes, get Roseanne Barr on "The View" ["Hello Roseanne!" Mar. 30]. She would be great. I'm sure a lot of people would like seeing her type of humor. She'd fit in really well, and I think Whoopi Goldberg and her together would be the best yet.

JESSICA'S MELTDOWN

Mega-stressed Simpson looks ready to BLOW!

A BOOZY, stressed-out Jessica Simpson is losing it!

The 34-year-old mother of two has turned to alcohol and food while battling career woes, body issues and family problems, sources confided to The National ENQUIRER.

"Jess is cracking under enormous personal and professional pressure," one insider dished. "She's had some worrying episodes, and we're genuinely concerned that she's on the brink of collapse!"

The singer shocked pals with a rambling and slurred interview at a Teen Vogue event on March 14 in New York City.

The cameras caught Jess as she babbled that her daughter Maxwell, 2, thinks her father is "her boyfriend," adding, "If I'm not wearing a good outfit, I can't sing a good song."

She's also posted raunchy "Fifty Shades of Grey"-inspired pictures on social media of herself with husband Eric Johnson!

"Jess is crying out for attention," said the

Jessica's been getting sloppy drunk

source. "She worries her acting and singing careers are washed up, and with her sister, Ashlee, pregnant, Jess hates not being the center of attention."

"The Dukes of Hazard" actress has also been playing referee for her feuding parents ever since Papa Joe was embroiled in a gay scandal, which was revealed in The ENQUIRER. Long-haired male escort Joey Anderson said he had a steamy three-hour sex tryst with the then 54-year-old in a \$1,000-a-night suite at the Mandarin Oriental hotel.

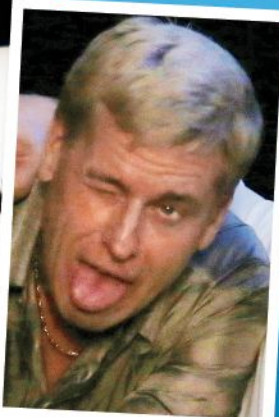

"She and her father barely talk, and Jess' hectic work schedule has her logging 12-to-16-hour days," said an insider, who revealed the former reality TV star is also warring with her hubby over having another baby!

"Eric wants another child, but Jess doesn't want to get pregnant again – and juggling two kids while barely eating and guzzling booze to cope is a recipe for disaster!"

WHAT'S DADDY SMOKING?

Papa Joe puffing away on the popular E-cig at a fashion show

PECULIAR Papa Joe Simpson brought a full arsenal of wacky looks to Fashion Week in Los Angeles – scowling, sneering, and practically drooling during a performance by model/singer Sam Sarpong! Dressed in a wrinkled shirt and camouflage

vest, Joe sprawled out at the Boy London show while puffing lustily on an electronic cigarette. He even appeared to take a quick nap during the show! Jessica's friends are worried about her mental state – and dealing with her dad's bizarre behavior certainly isn't helping!

'MAD MEN' STAR JON'S BATTLE WITH THE BOOZE!

JON Hamm has a new life as his series "Mad Men" comes to an end – after longtime love Jennifer Westfeldt ordered him to rehab!

"Jennifer's been worried sick about Jon's drinking for years," an insider told The National ENQUIRER.

"While he was working, he'd sometimes stay on the wagon for months.

"But when he wasn't working, he'd cut loose. That's when the trouble would start!"

As The ENQUIRER reported, an eyewitness claimed Jon, 44, stumbled "blind drunk" out of a restaurant in L.A. on July 1, 2011.

He went cold turkey before "Mad Men" filming started in August 2012. But after production wrapped in July 2014, "Jon began to question himself and his future," said the source.

He started hitting the bottle hard. "At that point, Jennifer convinced Jon to get professional help," said the source.

The "Bridesmaids" hunk checked into tony Silver Hills Hospital in New Canaan, Conn., in late February for a 30-day rehab stint.

The source added: "Now Jon's convinced he'll stay off the sauce – and he owes it all to Jennifer!"

Where families find answers

CHARLIE Sheen's former fiancée is revealing the horrific injuries she claims the former "Two and a Half Men" star inflicted on her during a series of brutal and bloody arguments.

Adult film star Scottine Rossi – who changed her name to Scottine Sheen – split suddenly from Charlie last October in a bitter breakup after a whirlwind 11 months of sharing his multi-million dollar mansion in Beverly Hills, Calif.

The harrowing truth about their romance has been kept hush-hush – until now – and includes appalling allegations that Charlie kicked his lover when she was pregnant, and later forced her to undergo an abortion.

CHARLIE, 49, allegedly "strangled and choked" Scottine on multiple occasions, and made chilling threats to kill her.

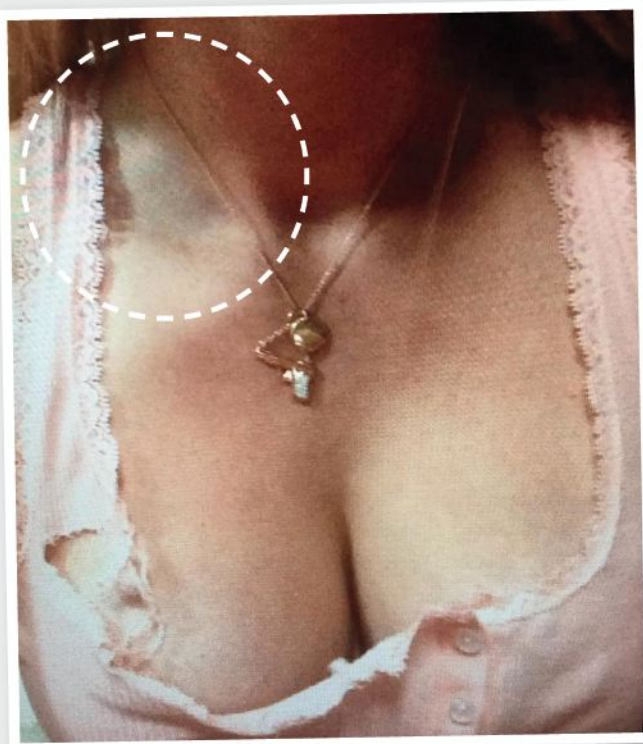

"Do you want to live to see tomorrow?" serial batterer Charlie is said to have raged at Scottine, according to one witness who stepped forward to The National ENQUIRER.

Scottine, 25, is now threatening to slap the bad boy star with a multi-million dollar lawsuit, according to informed sources – unless he secures her silence with an out-of-court settlement.

Scottine said the bruising on her neck and torn shirt were the result of Charlie's attack – pictured here in images that were sent to friends, and provided to The ENQUIRER

vided to The ENQUIRER will be presented as explosive evidence in Scottine's legal case, and show the aftermath of a violent knock-down, drag-out assault, said the insider.

In the alleged battering that occurred on May 31 last year, the horndog sitcom star is said to have throttled Scottine, leav-

ing her with "bruising along her neck, a torn shirt and tears running down her face," according to the whistle-blower.

SCOTTINE HAS "finally found the courage to hire a lawyer and plans to sue Charlie for the emotional distress she's suffered," said a Hollywood source.

"Charlie was both verbally and physically abusive to the point where Scottine would hide in the security room at his home, cowering in a ball, crying about his abusiveness.

"She'd also hide in guest rooms, crying for fear of her life."

According to a source, the Hollywood hell-raiser – who has a shocking two-decade history of violence against women – blew up after his final appearance on "The Tonight Show with Jay Leno."

"They were fighting on the

way home about Scottine's ex-husband," said the source.

"They stopped at a friend's house and Charlie backed her into a corner, demanding her ex's number.

"When she refused to tell him, Charlie assaulted her. He threw a coffee table across the room. He then attacked her again as she was curled in a ball in the corner."

THE ENQUIRER confronted Charlie's representatives with the astonishing allegations – and his team provided a vastly different version of events.

"Mr. Sheen never kicked Ms. Rossi when she was pregnant, never strangled and choked her and never made threats to kill her," his lawyer said.

What's more, a source close to Charlie said it was Scottine who attempted to assault the star on at least two occasions – "whilst she was extremely intoxicated and went into a jealous rage."

"Charlie was forced to restrain her on one occasion and he prevented her from hurting him or herself," the insider said.

Added the source: "These allegations have only surfaced since Charlie started dating other women after their breakup. She is jealous. Friends have told Charlie that Scottine is his 'Fatal Attraction.'"

The porn star lived with Charlie until he called off their engagement in mid-October.

"She's a terrific gal," Charlie insisted of Scottine at the time. "We've mutually decided ►

WORLD EXCLUSIVE

THE DISPOSABLE WOMEN

Charlie Sheen has terrorized the women in his life for more than 20 years with countless alleged assaults and incidents of domestic violence – as documented through the pages of **The National ENQUIRER**.

MUG SHOT

1990 Kelly Preston, now the wife of John Travolta, was one of Charlie's first victims in 1990 when it was reported he "accidentally shot" his then girlfriend inside their Malibu home. Charlie disputed that account, and insisted the gun fired when she picked up his pants in the bathroom.

1994 Charlie was accused of striking an unnamed **UCLA student** in the head when she refused to have sex with him. The dispute was settled out of court.

1997 Charlie pleaded no contest to battery charges after porn star **Brittany Ashland** claimed he knocked her out, threatened to kill her and left her with seven stitches in her lip.

2006 During his divorce from **Denise Richards** in 2006, allegations about prostitutes, child porn and drug abuse were raised. Denise accused him of violent outbursts in front of their kids, including throwing a chair at her and making death threats.

2009 The nasty divorce pushed Charlie into the arms of **Brooke Mueller**. But on Christmas Day in 2009, he was arrested for domestic violence after holding a knife against her throat. The couple had been on an all-night cocaine binge.

2010 Charlie was rushed to the hospital after a night in NYC, where he allegedly threatened to kill and attempted to strangle porn star **Capri Anderson**, who said she saved herself by locking herself in the bathroom.

WAKE UP!

This window was shattered, according to a source close to Scottine – but a Sheen insider disputed it was the result of a fight between the pair

to go our separate ways and to not spend the rest of our lives together.”

It would have been the fourth marriage for the former “Anger Management” actor. He was wed to model Donna Peele from 1995 to 1996, to actress Denise Richards from 2002 to 2006, and to Brooke Mueller from 2008 to 2011. He and Denise have two daughters, Sam, 11, and Lola, 9. He also has 6-year-old twin sons, Bob and Max, with Brooke, and an adult daughter, 30, with a high school girlfriend.

CHARLIE’S STUNNING baby secret with Scottine was never publicly confirmed. However, sources told The ENQUIRER she was pregnant between January and March 2014.

“Charlie never wanted the baby,” revealed a source close to Scottine. “At one point, he threatened Scottine while she was pregnant, saying, ‘It’s me or the baby. If you choose the baby, I will kick you to the curb and leave you homeless with nothing.’”

Tragically, the pair learned during the pregnancy that their unborn child had developed an irregular heartbeat.

According to a source, at that point, Charlie callously told Scottine: “I don’t want you to give birth.”

Said the insider: “He forced Scottine to have an abortion.”

“When they fought, Charlie would continuously yell at her, saying, ‘You are not a parent, you don’t know s---.’ But in reality, it was Scottine who encouraged him to have a relationship with his own children,” added the source.

AFTER EACH FIGHT, a remorseful Charlie sent floral arrangements “begging for her forgiveness,” and blaming alcohol and drugs for his fits of violent anger.

Said a source: “There were many incidents when Scottine wanted to run, but like every victim of domestic violence, she feared for her life, which also made her not want to call the police.

“She spent many late nights crying and debating if she should stay or go.”

Sadly, said one pal, Scottine began taking pills to sedate herself.

In November, she was hospitalized following an apparent overdose after being found unresponsive at her home by a friend.

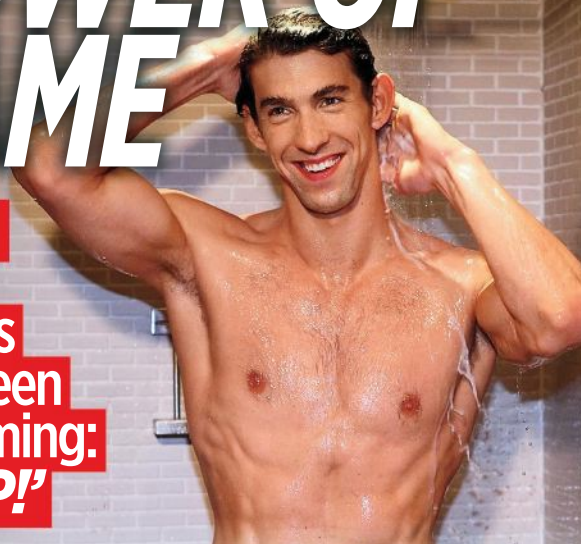

“Her relationship with Charlie was more twisted than anyone knew,” said the source.

“It was crazy and it affected her tremendously.”

When asked to comment, a rep for Scottine declined, saying: “She chooses to remain silent on her personal life.”

SHOWER OF SHAME

Swimming whiz kid’s scandal has beauty queen fiancée fuming: **‘GROW UP!’**

THE fiancée of Olympic star Michael Phelps hopes marriage will wash away his taste for perverted sex sessions.

But friends of former Miss California, Nicole Johnson, told The National ENQUIRER that she’s in way over her head!

“Nicole’s been hoping beyond hope that Michael would grow up and out of these walks on the wild side,” said one source. “But he’s kinky, and he has a drinking problem.”

Michael’s fondness for “golden showers” was exposed in an explosive interview with professional dominatrix Kim Petro, who told The ENQUIRER the 29-year-old swimmer had paid her to urinate on him.

His fiancée, also 29, was shocked, according to a close pal, but said “Nicole knew what she was getting into” when the couple got engaged in February.

“She’s been dating Michael on and off for nearly eight years. She knows what he’s

like,” the friend said.

Even while Michael was gaining worldwide fame for winning a record 18 gold medals in three Olympics, his out-of-the-pool behavior made just as many headlines.

THE FIANCEE!

THE DOMINATRIX!

He blew tens of thousands of dollars in Las Vegas poker games, and was suspended by USA Swimming in 2009 after being photographed smoking a marijuana pipe.

The sports phenom was busted for drunk driving for the second time last September, and checked into rehab for six weeks.

After pleading guilty to DUI, he was sentenced to 18 months probation and ordered not to drink alcohol.

“Nicole hopes Michael will clean up his drinking problem and that his wild urges will dry up with it,” said one pal.

But another pal added: “She’s putting a sunny spin on a serious situation. You can only hope Michael won’t crush her by doing something stupid ... again.”

AS DEVOTED hubby Brad Pitt nurses Angelina Jolie through her latest cancer ordeal, The National ENQUIRER has discovered a heartbreaking secret feud that tore her family apart.

Angie's beloved mother, the late Marcheline Bertrand, cruelly banished her step-grandmother from their lives nearly 30 years ago, a source close to the family revealed.

Until then, Angie and her brother, James Haven, often visited their grandmother – and their warm relationship comes through in these never-before-seen photos obtained exclusively by The ENQUIRER.

But after Marcheline's father, Rolland, died of cancer in 1985, the surviving family members battled over his will, and Angie never again saw her grandmother Elke.

Now 76 and retired, Elke remains heartbroken at being frozen out of her famous granddaughter's life, the source revealed exclusively to The ENQUIRER.

"Elke used to see Angelina and James all the time. Marcheline would drive them

up from Los Angeles every holiday and in the summer," the insider added.

In the touching family photos from the early '80s, a young Angie gazes adoringly at her grandmother over a bouquet of roses on Valentine's Day, and the two, along with Angie's brother, pose in clown makeup on Halloween. "Elke would love to see Angie and James again. She still thinks about them every day," the source said.

Elke met Rolland on a trip to Europe in 1974 – a year after Marcheline's mother, Lois, died of cancer at just age 45.

THE COUPLE WED in 1975 and, were happily married for 10 years before cancer claimed Rolland's life at 61.

Rolland left the bulk of his fortune to Elke, while Marcheline and her two siblings received equal shares in a Beverly Hills property, plus the remaining shares of a construction business in Illinois.

But a dispute over Rolland's

personal items led to a court case between Elke and other family members, including Marcheline.

While The ENQUIRER could find no record of the legal wrangle, it's understood the judge sided with Elke. Marcheline was reportedly so furious

that the last time her children saw their step-grandmother was at their grandfather's funeral, said the source.

Years later, Elke remains baffled at Marcheline's attitude.

"It was just silence from Marcheline – as if Elke had never been part of their lives," the source divulged. "Elke has no idea what the children were told about her. When her husband died, she didn't lose just him. She lost her whole family."

In a heartbreaking twist, Elke began volunteering as a mentor for abused children after she retired as a family court advocate, said the source. "She started that charity work to fill the void of the grandchildren that she lost."

Meanwhile, cancer continued its rampage through the Bertrand family – with Marcheline dying of ovarian cancer at 56 in 2007.

Her brother Roland died of prostate cancer in 2009 at age 53, and her sister succumbed to breast cancer at 61 in 2013.

"The family just got destroyed by cancer," added the source.

IN A DESPERATE BID to avoid the same fate, Angelina – who carries the BRCA1 gene, which puts her at high risk for breast and ovarian cancer – underwent a double mastectomy in May 2013. The courageous 39-year-old star recently revealed she also had her ovaries and fallopian tubes surgically removed.

When contacted by The ENQUIRER, Elke said she still loves Angie and Jamie, and misses them. But she declined to discuss the family feud, saying it was "too long ago."

The source added: "Elke always knew Angelina was special, and she's very proud of her. She just hopes that Angie and Jamie remember her fondly, and have happy memories of their time together."

HOLLYWOOD DRUG

HOLLYWOOD is sky-high on drugs – as a heroin epidemic that has claimed the lives of a cavalcade of celebrities sweeps the streets of Tinseltown.

In a blockbuster world exclusive investigation, The National ENQUIRER is exposing the shadowy world of the narcotics dealers who dish dope to some of the world's highest profile stars.

The untold story of Hollywood's cesspool of drugs comes directly to The ENQUIRER from the peddlers responsible for the rampant abuse that has seen the heroin death rate double in a mere two years!

"The stars are taking drugs of all kinds!" one dealer – who

Who's HOOKED! Who's RECOVERED! *WHO NEEDS HELP NOW!*

was not paid to talk – boasted to The ENQUIRER in a shocking interview.

The pusher added: "I've been backstage at the Oscars to make a coke score. I've been to television sets and film sets – and I could draw a map of the interiors of the mansions of some of the biggest stars in Hollywood.

"I've accompanied both old and young stars on private jets to Vegas, Mexico and Hawaii. One crack-using actor kept

trashing hotel suites in Maui. Finally, we partied on a private beach, where he held an orgy."

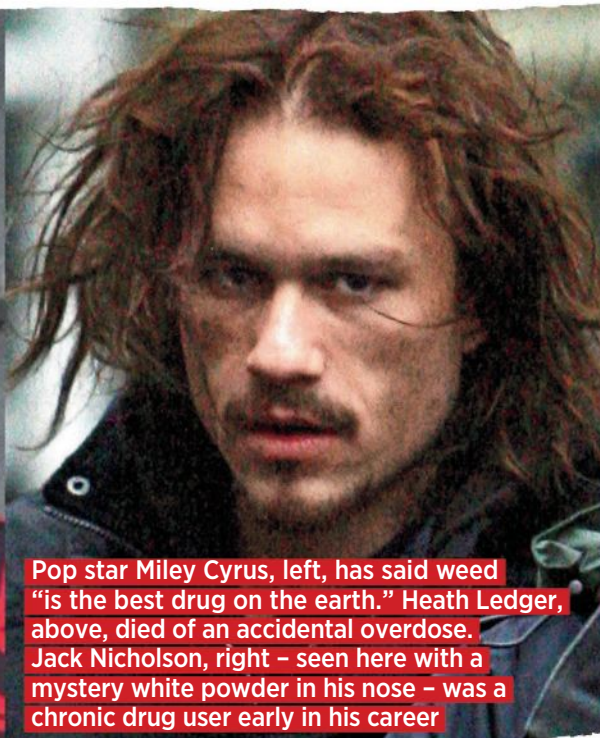

THE ENQUIRER'S PROBE has uncovered a slate of stars who have shot, snorted or smoked illegal drugs, abused prescription pills, recovered from addictions – or are flirting with an early drug-induced death.

The lineup is a Who's Who of Hollywood: Britney Spears, George Clooney, Kirstie Alley, Melanie Griffith, Matt Lauer,

Jack Nicholson, Michael Douglas, Justin Timberlake, Drew Barrymore, Matthew Perry, Charlie Sheen, Lindsay Lohan, Jennifer Aniston, and Brad Pitt and his wife Angelina Jolie. And that's just the A-List!

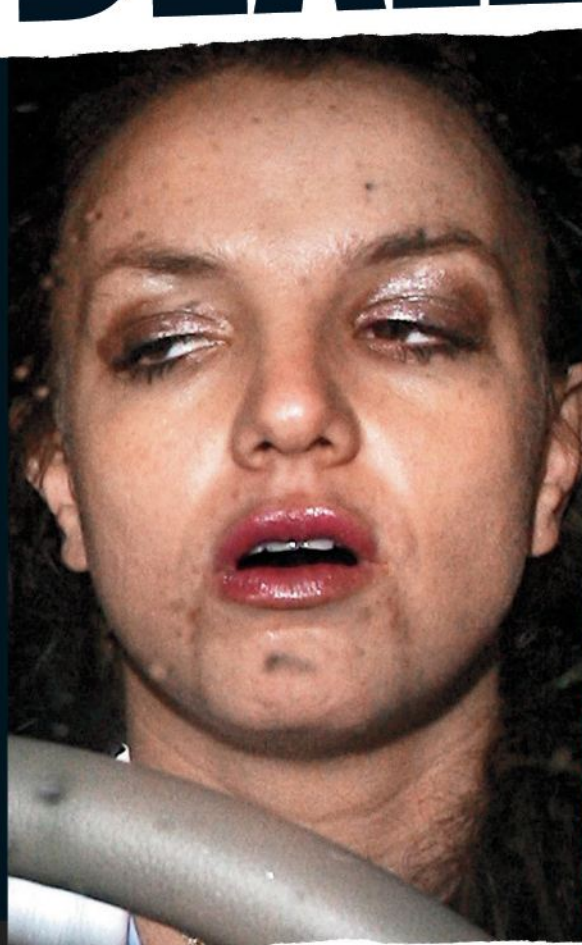

In a frightening number of cases, drug use has proven fatal. From Whitney Houston's cocaine-fueled drowning, to the lives of Anna Nicole Smith, Heath Ledger, Philip Seymour Hoffman and Cory Monteith cut far too short, Hollywood's Sunset Strip has established itself once more as a boulevard of broken dreams.

YOUNG HOLLYWOOD, in particular, is afloat on a sea of drugs. The previously preferred choices of cocaine and marijuana have been re- ►

Pop star Miley Cyrus, left, has said weed "is the best drug on the earth." Heath Ledger, above, died of an accidental overdose. Jack Nicholson, right – seen here with a mystery white powder in his nose – was a chronic drug user early in his career

Britney Spears, left, has allegedly checked into rehab again – this time to deal with prescription pill abuse; Charlie Sheen's ex-wife Brooke Mueller, above, was caught smoking from a glass pipe – she was later sued by an assistant who said Brooke had sex for drugs while high; "Jackass" stuntman Steve-O was photographed snorting drugs off a woman's body

Vanessa Hudgens claimed this white powder was actually candy

Oscar winner Charlize Theron was photographed smoking from an apple bong

Cameron Diaz once boasted about buying weed from rapper Snoop Dogg

placed by a smorgasbord of hard-core party favors.

One tragic example is 22-year-old Bobbi Kristina Brown. The daughter of late diva Whitney and singer Bobby Brown was found unconscious in January by her boyfriend, Nick Gordon, after a downward spiral that saw her splash out \$1,000 a day on heroin, the oxycodone substitute Roxicodone, Xanax and marijuana.

"I helped them [Bobbi Kristina and Nick] get it sometimes, but not regularly," Steven Stepho, a so-called friend-turned-dealer, conceded in

a new interview. "There were times when it got really bad - they would be completely passed out for hours, just lying there on the bed. There were times when she would be so knocked out she would burn herself with a cigarette and not even notice. She was always covered in cigarette burns."

WHILE THE OVERDOSE deaths of Heath, Cory and others have provided the most shocking headlines, Hollywood teems with overdoses, failed interventions and rehab stints of well-known celebs

that are never reported, The ENQUIRER has learned.

One Oscar-nominated actor is playing Russian roulette with his privileged life, still snorting cocaine "at the rate he did back in the '80s," revealed one dealer.

"This guy was a leading man in his day, and has famous kids who have battled addiction in the public eye.

"He could be an amazing character actor now, but he can't stop doing coke and drinking his way into nightly blackouts."

According to Australian actress Sophie Monk, she once

saved the life of a mystery starlet from a near overdose at a Hollywood bash - in the daytime!

Sophie, 35, recalled the surreal experience, revealing: "I was walking through this party and they said, 'Meet this celebrity.' All of a sudden I was like, 'She's had too much,' and she starts convulsing like crazy. All her best friends and everyone left the party. I mean, everyone, within five minutes, left that party thinking they were going to get in trouble.

"They stripped her naked, ran a shower, put her in it, and

LIKE MOTHER, LIKE DAUGHTER

Shocking video caught Whitney's daughter snorting the same drugs that helped kill her mom!

I'M JUST like my mother!" Tragically, those were the words of then 17-year-old Bobbi Kristina Brown as she admitted to pals four years ago that she was trapped in the same drug hell as her mom, the late Whitney Houston.

In a shocking video, The National ENQUIRER busted "Krissi" snorting lines of cocaine at a wild drug party.

"It was difficult to stop her from buying alcohol and drugs, because her mother gave her \$1,000 a week," a source said at the time. "I saw Krissi do an eight ball - an eighth of an ounce - of cocaine in just two days with friends."

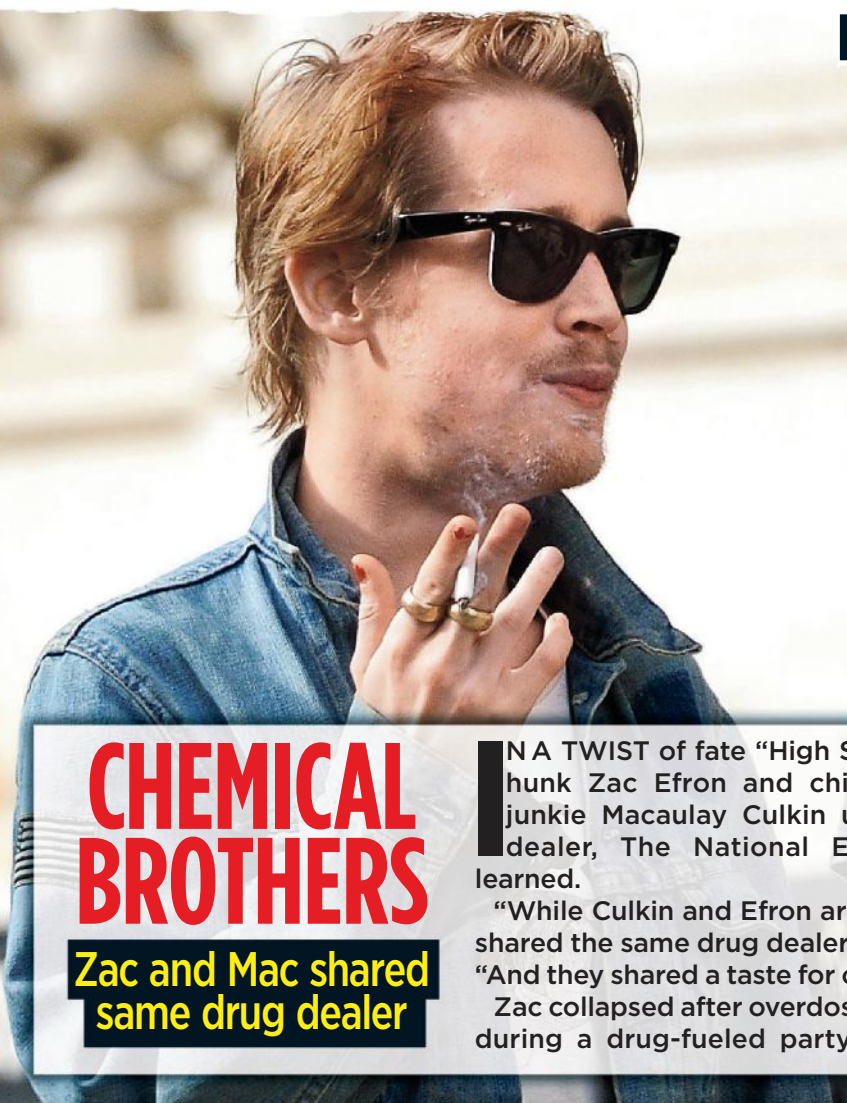

Whitney's lifeless body was found in a hotel bathtub in Feb. 2012. She was just 48. Tests showed she'd consumed cocaine, marijuana, Benadryl, Xanax and Flexeril.

In a sad echo of that death, Bobbi Kristina's drugged body was found in her bathroom earlier this year - after months of abusing heroin.

The ENQUIRER chronicled Whitney's drug battle over the years - and the depth of her problem was revealed in sensational photos published in 2006, showing Whitney's private drug den - a bathroom littered with leftover food, beer cans and the tools of hard-core drug abuse.

Macaulay Culkin went from sweet child actor to known drug user; Zac Efron went from wholesome "High School Musical" star to a rehab patient

CHEMICAL BROTHERS

Zac and Mac shared same drug dealer

IN A TWIST of fate "High School Musical" hunk Zac Efron and child-star-turned-junkie Macaulay Culkin used the same dealer, The National ENQUIRER has learned.

"While Culkin and Efron are not pals, they shared the same drug dealer," a source said. "And they shared a taste for oxycodone."

Zac collapsed after overdosing on "heroin" during a drug-fueled party, and we pub-

lished a photo in October 2013, showing the then 25-year-old passed out in his New York hotel suite.

In another ENQUIRER exclusive published in August 2012, we exposed former "Home Alone" star Macaulay's \$6,000 a month habit of painkillers, and a near overdose.

Macaulay's rep vehemently denied our report, and the actor recently appears to have cleaned up his act.

left her in the bathroom naked and everyone left."

HOLLYWOOD AGENTS and managers are well aware of who's using, who's recovered and who needs help now - and routinely tattle to other showbiz insiders so the druggies can be blacklisted, a showbiz source said.

Despite the threat to their lives - and careers - some stars have openly admitted to using drugs.

Clean-cut George Clooney admitted in 2012 that he'd sampled cocaine.

"I didn't have an issue with it. I'm not a big druggie - not at all. Blow is absolutely a nonstarter," he said.

Jennifer Aniston also confirmed that she smokes

marijuana. "There is nothing wrong with that," said the "Friends" star - whose ex-husband, Brad Pitt, reportedly is a heavy pot smoker.

The "Moneyball" star confessed he did "drug damage" to himself while married to Jennifer, but he eventually got "burnt out" and cleaned up. "Brad was heavily into marijuana then," one drug dealer told The ENQUIRER. "You'd walk into his house, and there were different grades of dope and lots of bongos and smoking paraphernalia sitting on a table!"

Back then, the "Fury" hunk was notorious for lighting up a joint as soon as he woke up, a routine he dubbed "wake 'n' bake" - one of many legendary stories the stars don't want you to know.

■ **EARLY MORNINGS** on TV didn't stop "Today" show anchor Matt Lauer from late-night wild sprees.

In 2003, The ENQUIRER revealed that a close friend - who passed a lie detector test - claimed he sold cocaine to Matt five or six times, and snorted the drug with the famed newsman!

"I think he used the drug to relax," said the source, who knew Matt when he worked in local TV in Rhode Island. "Matt came over to my house to party on about three other occasions," added the source.

"Using a razor blade, I would lay out two or three lines of cocaine on a mirror, and he would snort them with a straw or a rolled-up bill, and then we'd kick back, maybe

talk for half an hour."

But a rep for 57-year-old Matt said those little white lines are big lies.

"The ENQUIRER reporting of a story that supposedly happened 20 years ago is no different than most of what they print - pure fiction," the spokesman said.

■ **DURING A DESTRUCTIVE** two-year cocaine bender, former "Cheers" star Kirstie Alley was too paranoid to go outside, and camped in a tent pitched on the floor of a friend's home!

"Kirstie was living like some whacked-out hippie in a tent," said an insider.

"She wasn't working. She wasn't eating. She says her life had come down to ►

Charlie Sheen once threatened to shoot himself in the head during an all-night party in Malibu, one dealer told The ENQUIRER; Paris Hilton, top right, was known to dabble with drugs; below right, Kirstie Alley's drug use preceded health issues

snorting cocaine and sitting inside this dark tent."

The former "Fat Actress" credited the Church of Scientology for helping turn her life around.

■ **REALITY TV STAR** Nicole Richie went "wild" on heroin, revealed another dealer. One night, she got into a barroom brawl and slammed a glass into a man's face, sending him to the hospital!

WHILE SOME stars keep their dealers on speed dial, others take the riskier route of scoring drugs in dangerous neighborhoods.

"Celebrities hooked on drugs don't necessarily make

the best choices," said one young dealer who operates in a notorious drug and gang war zone in Venice Beach, Calif.

"Many of them drive into this neighborhood between midnight and 4 a.m. They're not only taking the chance of getting arrested, they're also risking their lives."

THE LATEST THRILL in Hollywood is MDMA, popularly known as ecstasy or, more recently, as Molly. It's a synthetic, psychoactive drug with similarities to both the stimulant amphetamine and the hallucinogen mescaline. It can lead to seizures, hyperthermia, heart problems

and even comas.

In a staggering exposé, The ENQUIRER also shattered the squeaky-clean image of pop starlet Selena Gomez – the on-again, off-again squeeze of marijuana fiend Justin Bieber.

An eyewitness – who passed a polygraph test – saw the then 21-year-old singer/actress use Molly at a private house party in the Hollywood Hills in 2013. Though Selena's camp denied that she'd ever used Molly, the source told The ENQUIRER: "She ingested less than a gram of the drug in a bottle of water, one of the most common ways of doing it."

If MDMA wasn't dangerous enough, others are using

household cleaning products for a cheap rouse.

The troubled teenage daughter of Jesse James, who divorced Sandra Bullock in 2010, huffed keyboard cleaner, known as computer duster, before she sought treatment in rehab two years ago.

THERE ARE STARK reminders of how some can go from heroin to heroine, however.

Angelina Jolie has turned her life around since her drugged-out days of hard partying, as The ENQUIRER revealed after tracing her darkest moments to her one-time dealer, Franklin

A **TROUBLING** video has emerged of "Teen Mom" star Courtland Rogers – the ex-partner of Jenelle Evans – injecting himself with heroin. It exposed what drug use really looks like when it isn't being glamorized on the big screen. Frighteningly, heroin use in America has surged 100 percent since 2007, with celebrity deaths a stark reminder that we can no longer shy away from the human collateral of this epidemic.

Meyer. Franklin sold cocaine and heroin to the “Maleficent” star in the late 1990s, and shared a startling video that he filmed of the actress in the throes of substance abuse.

Thankfully, the Oscar winner is now a tireless advocate for refugees as a United Nations Goodwill Ambassador, traveling to more than 30 countries.

“Angelina is one of the lucky ones who escaped her drug hell,” a drug informant told The ENQUIRER.

Like Angelina, “Iron Man” star Robert Downey Jr. is an exception to the Hollywood rule. He was sentenced to three years probation on drug and weapons charges in 1996 – then ordered to jail for 180 days for probation violations the following year.

In 1999, he went back to prison for a year for another probation violation. And in 2001, he pleaded no contest to cocaine possession and was ordered into rehab for at least the fifth time.

“He was given a huge break after he cleaned up his act,” another dealer told The ENQUIRER.

Still, despite the spate of recent drug related tragedies and embarrassing revelations of others, one thing is certain. According to all the dealers who were interviewed, there is no end to the demand for their services – in Hollywood or beyond.

ADDICTS IN THEIR OWN WORDS

Confessions of the stars

DON'T just take our word for the gravity of Hollywood's drug epidemic – several top stars have opened up exclusively to The National ENQUIRER about their struggle with addiction.

“I almost died,” said actor Charlie Sheen of “Two and a Half Men” fame. “There’s no question in my mind that I came very, very close to death from drugs and alcohol. Not just once, but a few times.”

But, he added: “The only thing I didn’t do was shoot heroin.”

Former “Partridge Family” child star Danny Bonaduce also revealed: “I can’t tell you how many times I’ve said I was clean and sober, and fallen off the wagon the next day or the next week.”

Danny said he got clean for good after The ENQUIRER bailed him out of jail when he was busted in Los Angeles.

“I had hit rock bottom,” he said. “You guys rescued me.”

Before dying of a heart attack at age 51 in 2013, “Sopranos” star James Gandolfini confessed – in the pages of The ENQUIRER – that he’d been in a day-to-day struggle to keep clean after a cocaine and booze nightmare.

“When I was 20 or 18 it started,” he divulged. “And it progressed through the years.”

Sadly, while James got sober, his years of substance abuse contributed to the poor health that led to his early death.

SICKO WOODY'S LUST FOR TEENAGER MARIEL!

WOODY Allen's wife, Soon-Yi, isn't the only young woman who caught the legendary director's eye, according to a new memoir from Mariel Hemingway.

The actress and granddaughter of literary giant Ernest Hemingway was 18 years old and had just played Woody's teen girlfriend in his 1979 film “Manhattan” when she attracted his attention.

Woody, then in his mid-40s, wanted to take her to Paris – which made her nervous, Mariel wrote in “Out Came the Sun.”

“Our relationship was platonic, but I started to see that he had a kind of crush on me, though I dismissed it as the kind of thing that seemed to happen any time middle-aged men got around young women,” wrote Mariel, who said she was so innocent she was embarrassed at the sex talk in “Manhattan.”

Woody created a huge scandal when he admitted he was in a relationship with Soon-Yi Previn, then 21, the adopted daughter of his girlfriend, Mia Farrow. Woody and Soon-Yi wed in 1997.

Mariel also wrote of unpleasant “casting couch” encounters with “Star 80” director Bob Fosse and actor Robert De Niro; she turned them both down.

SCIENTOLOGY MADE MY LIFE A LIVING HELL

■ Sex obsessions!

■ Drunken beatings!

■ B

THE Church of Scientology and its secretive leaders can no longer hide their dark mysteries – especially as the ultimate insider courageously steps forward to expose the cult-like religion's deepest secrets.

Former Scientologist Carmen Llywelyn has told The National ENQUIRER about how the controversial church harbors a sick obsession with members' sex lives – and blackmails celebrities with their intimate confessions!

In a stunning exclusive interview given before the church was rocked by the "Going Clear" documentary aired by HBO on March 29, Carmen claimed the church turned a blind eye when she and her then-husband fought during violent drinking binges, harassed her even after she left the church and killed her acting dreams by etching her

onto a Hollywood "blacklist."

"They ruined my life and my career," Carmen – whose ex-husband, actor Jason Lee of TV's "My Name is Earl" fame, is one of the church's most high-profile celebrity members – told The ENQUIRER

According to Carmen, the information in those files is gleaned during so-called "auditing sessions" when celebrities are forced to reveal their sexual secrets.

"The church goes into your bedroom – literally!" Car-

then-husband, Tom Cruise, was filming the 2001 movie "Vanilla Sky" with Jason Lee, and Tom introduced Nicole as a Scientologist.

"She turned and gave Tom the most evil look," Carmen recalled. "I interpreted the look to mean, 'I am not a Scientologist and I will not be a Scientologist.' Next thing you know, they're getting a divorce! It kind of inspired me."

CARMEN SOON DECID-ED to leave Jason, who she said attacked her during the couple's mutual drinking binges. But Scientology ignored her pleas to end the violence while forbidding her to seek help with Alcoholics Anonymous!

"[Jason] was a drunk who hit me," Carmen told The ENQUIRER, adding: "They didn't say, 'Hey, if you do that you're gonna be arrested.' There

Prominent church members Kirstie Alley, left, and Jenna Elfman

in a blockbuster interview. "If I see a Scientologist now, I cross the street!"

Long before the HBO exposé, The ENQUIRER revealed the religion kept "blackmail files" on its most prominent members, including Tom Cruise, John Travolta and Kirstie Alley.

men said. "When you're going through the auditing process, if a thought about your husband or an intimate sexual detail comes up, you are required to say it."

It was Nicole Kidman who gave her the courage to break away from the religion.

They met when Nicole's

were no consequences for his behavior."

Even worse, Carmen said the church continued to control her after she left.

They pressured her into signing a divorce agreement drawn up by their officials, then allegedly harassed her with a string of prank phone calls after she commented about Kirstie on social media.

"I always felt monitored by them," Carmen said. "I would see a person sit outside my door. They would want me to see them. It was like a show. A 'noisy investigation,' they call it."

THE CHURCH ALSO used its clout to put her on a showbiz "blacklist," she said.

"I was trying to make it as an actress at the time, and I thought that if I didn't say anything bad about them, they'd let me go my way,"

Carmen said. "But my agent wouldn't return my calls."

Carmen said she learned another lesson when she bumped into Scientologist Jenna Elfman of TV's "Dharma & Greg" at a store.

"Jenna just cut me off," she said. "It was one of the ugliest things I've ever seen another human being do."

When contacted by The ENQUIRER, the Church of Scientology blasted Carmen as "pathetic and bizarre," adding that she "seeks to avoid taking personal responsibility for her actions by blaming the Church and others."

A rep for Jason has never addressed his ex-lovers allegations.

Now living in Atlanta, Carmen told The ENQUIRER: "Being a drug addict was easier than going through the heartache of cutting bonds with those people."

TRAVOLTA THREATENED TO MARRY HIS BOYFRIEND IN PRIVATE CONFESSIONAL!

WITH the shocking tactics of Scientology being laid bare to the world, it's said John Travolta confessed his GAY SEX SECRETS to top Scientology figures - in clandestine "auditing sessions" recorded for the church's "blackmail files!"

Speaking to The National ENQUIRER, former member Jesse Prince said that he had direct knowledge of what was specifically said in one of those shame-provoking meetings!

"I can confirm that John Travolta once 'threatened' [in an auditing session] to marry his boyfriend," said Jesse, who claimed to have held the church's second-highest rank when he left in 1992.

"There's no question [Scientology] had a lot on John's gay activities, and used it to keep him from leaving - and to keep him in line!"

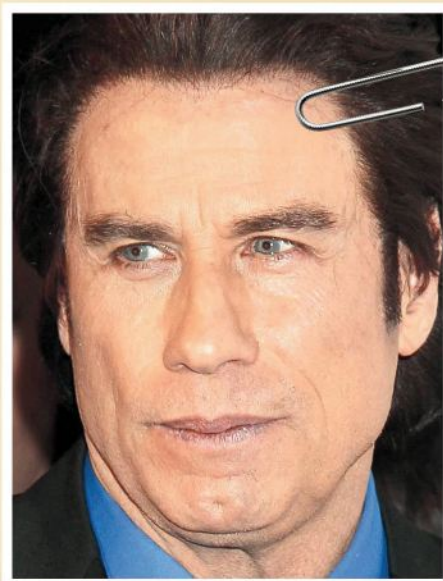

While John's lawyer denied the claim and said he "has never been blackmailed by the church," Margery Wakefield, a one-time high-ranking member of the church, told The ENQUIRER that the secret recording "is done behind celebrities' backs."

For their part, Scientology representatives have long insisted that "the church treats the secrets of parishioners imparted to it as sacrosanct" and "never discloses them" - but Margery claimed the tapes are tantamount to "blackmail," as "the church

holds these files and tapes as an insurance policy."

Despite his association with the powerful church, the "Pulp Fiction" actor - who married fellow Scientologist Kelly Preston in 1991 - has spent his film career fighting persistent gay rumors.

In May of 2012, two male masseurs filed sexual battery suits against John in federal court. His attorney vehemently denied their claims, but several more men

have come forward with similar accusations.

John's former personal assistant Joan Edwards, who worked for him from 1978 to 1994, told the ENQUIRER: "Of course I knew he was gay!"

In a devastating blow to his lifelong battle, John's former pilot, Doug Gotterba, claimed in the papers of this publication that he'd carried on a six-year affair with the star. Both claims were rebuffed by Team Travolta.

'Duck Dynasty' star Willie blasted by pals!

HE'S an outspoken Christian and proud preacher, but Willie Robertson – of "Duck Dynasty" fame – is being called a Hollywood hypocrite for marrying off cheating country crooner Jason Aldean!

Friends and family called foul after Willie went to Mexico to officiate 38-year-old Jason's March 21 wedding to home-

Donned with his bandana and beard, Willie performed Jason and Brittany's beach wedding

wrecking fiancée Brittany Kerr, sources told The National ENQUIRER.

"Willie may cast judgment on other people, but I guess he gives a pass to pals like Jason – even if they're sinners in the eyes of the Lord," said a source.

"And Jason would certainly fit the bill, because he was still married when he first hooked up with Brittany!"

A family insider added: "Willie is not only going to have to face his family and friends when he gets back from marrying the adulterer – he's going to have to deal with God!"

As new claims emerge over Jacko's sick lust, is son Prince turning to pot?

JOINT WOES FOR THE JACKSON CLAN!

WITH Michael Jackson's troubled son Prince puffing away on suspicious cigarettes, lurid new details of the pop star's twisted pedophile behavior have been revealed.

Secret court documents, obtained exclusively by The National ENQUIRER, reveal that Michael lured young James Safechuck into a disgusting mock wedding ceremony.

James was only 10 when he co-starred with the King of Pedophilia in a Pepsi commercial, and he claimed Michael began to sexually abuse him after the commercial was filmed.

In sworn legal statements, James – now 37 and a married father of two – claimed Michael told him "that what he was doing to me was 'love.'"

James has slapped Michael's estate with a lawsuit, and supported his claim that he became the

late superstar's "constant companion" for four years after Jacko gave him a ring and a marriage certificate as part of a perverted "wedding ceremony."

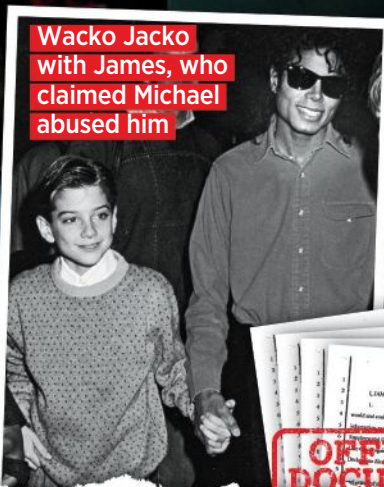

He also claims the "Thriller" singer used his showbiz clout to intimidate him into silence for the next two decades. James said he began therapy in late 2013 for depression and fear that "never goes away."

He stated: "I have finally come to know and appreciate now ... that this relationship was a predatory and wholly improper one, and one whereby the decedent [Jackson] used my trust and love of him as a means to victimize and sexually molest me."

Meanwhile, Michael's 18-year-old son Prince flaunted a suspicious hand-rolled cigarette while out with friends. Family members, including sister Paris, are worried about his partying pals, but Prince has told them to butt out, insiders revealed.

"Prince is hanging out with the wrong crowd and has been for nearly a year," said a source close to the family. "He keeps burning through his monthly allowance and demanding more money."

"His rebellious attitude keeps getting worse."

OFFICIAL DOCUMENTS

I have finally come to know and appreciate now, after a little over a year of intensive therapy and psychiatric treatment, that this relationship was a predatory and wholly improper one, and one whereby the DECEDENT used my trust and love of him as a means to victimize and sexually molest me.

All The BUZZ

Enquiring minds want to know

Doris Day's special 'gift'

ANIMAL lover Doris Day is spending her final days “telepathically” communicating with her pets!

Doris, 91, only sees humans on special occasions, her friends said. She prefers to spend her time with her dogs in her Carmel, Calif., home.

“She used to sing to the pets night and day,” a pal revealed. “She would sing all of her songs that were hits from the old days – but she doesn’t do that too much anymore.”

That’s because the “Que Sera, Sera” singer thinks she is truly “in tune” with her furry friends – and that they now communicate with her through brain waves!

She’s working on answering them without sound, and is “strengthening that muscle” by not speaking at all one day a week, divulged the insider.

The pal said: “With this mind communication, now even the dogs don’t get to hear her beautiful voice.”

Classic ENQUIRER

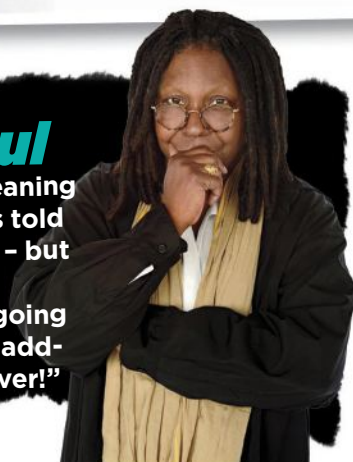

BOSTON had just opened up the Edward M. Kennedy Institute – and this week in 1992, The National ENQUIRER exposed how Ted Kennedy was cheating on his then-fiancée [and future wife] Victoria with a blonde beauty! Things got wilder as other-woman Claudia Cummings revealed she’d caught “the best lover I’ve ever had” canoodling in a Jacuzzi with two other ladies!

Whoopi's TV foul

WHOOPI Goldberg won't be cleaning up her act on “The View.” Execs told Whoopi she had to quit cursing – but they got cursed out instead!

“Whoopi told them she’s not going to tone it down,” said a source, adding, “She’s cussing more than ever!”

Mariah unloads divorce digs

MARIAH Carey and ex-hubby Nick Cannon have sold their marital mansion for a cool \$9 million. That's \$4 million less than the couple originally asked for the 13,000 square-foot property.

Still, said Redfin realtor Alec Traub, the home is sheer luxury: "The house has a gym, a Moroccan-style tea room, a putting green and a basketball court – and the new owners can enjoy stunning views of the downtown Los Angeles area right from the comfort of the backyard pool!"

Madden escape

BENJI and Joel Madden are shopping Down Under for a place to escape with their respective wives, Cameron Diaz and Nicole Richie.

Joel and Nicole were considering a vacation home in Australia, an insider told The ENQUIRER. "But it wasn't until Cameron joined the family that they decided to do something about it," said the source, with Cam wanting to "buy one together!"

"Cameron's desperate for a change of scene and wants to get away from L.A. to start a family with Benji," added the insider.

Tay's swear tax

TAYLOR Swift keeps her Hollywood home classy with a secret "swear jar" – for charity! The pop princess, 25, makes pals pay a fine if they use bad language in front of her, friends told The ENQUIRER.

"She's strict about it," said one insider. "Taylor hates foul language, especially around her cats, and thinks anyone who swears is being lazy with their vocabulary."

"She even has tiers of fines. A particularly bad word will cost you \$5. Others are just \$1 – and then she donates the cash to her favorite animal rescue group!"

Kimye's royal snub

PIPPA Middleton used some royal discretion to avoid dining with Kanye West and Kim Kardashian after some recent European fashion shows.

The 31-year-old younger sister of Queen-in-waiting Kate Middleton was "horrified" to receive the invite, and couldn't have been less impressed.

"She's a huge fan of Kanye's music, but Kim is not her cup of tea," revealed an insider – adding, "Pippa's learnt the hard way that she's nothing more than a pawn for some people to worm their way into her sister's elite world!"

But, according to the source, Pippa also declined "mostly because of her [Kim] sex tape past and constant parade of nude shoots!"

"She's already in enough trouble with the royal family from the cash she's been earning since her sister married Prince William, so hanging out with a Kardashian would not improve relations with her posh peers," said the insider.

YOUR HEALTH

BY DR. STUART FISCHER, GIA PORTFOLIO & LAURIE

PREGNANCY TEST DOES DOUBLE DUTY ON CANCER!

"SEQUENOM'S MaterniT21" sounds a lot like sci-fi, but it's a genetic test that sequences the blood of pregnant women to check for signs of abnormalities in fetuses - including Down's syndrome. Now the test has been discovered to also serve as a diagnostic tool for cancer in the mother. Dr. Fischer said the test is useful in that "it tests for several chromosomal abnormalities." Pregnant women should get the test to be proactive about their health.

HEALTH NEWS YOU'LL USE

CONQUER CROW'S FEET

THEY may be called "laugh lines," but too many people cringe over the wrinkles in the corners of our eyes. Crow's feet are caused by reduced production of collagen and elastin as we age. They can be made worse by sun exposure, pollution and squinting. But celebrities like Gwyneth Paltrow are swearing off quick fixes like Botox for something more natural. "Crow's feet can be helped from the outside and the inside," said Dr. Stuart Fischer. "Eat eggs, cold water fish like mackerel, and blueberries. And try applying these: the darkest green and outmost part of an avocado, an egg-white mask, or a honey/milk combination. Use each by itself for a few days to see which works best for you."

LONELINESS KILLS - LITERALLY

DON'T let loved ones isolate themselves as they outlive their spouses and friends. A socially active life can contribute to vitality. "Loneliness and social isolation are risk factors for early death, just like obesity, smoking and high cholesterol," said Dr. Fischer. "Although the way circulation and health are affected by social isolation is not known, why take a chance?"

EVEN PAULA DEEN KNOWS WHEN TO EAT HEALTHY

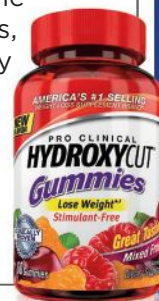

THE 68-year-old celebrity chef is known for sweet and buttery treats - but when Paula Deen was diagnosed with diabetes she made serious changes. "I went home to my kitchen, and I threw out everything that was white," she said - and dropped 40 pounds! "Obesity is a risk factor for 64 other diseases, too," said Dr. Fischer. "Her weight-loss diet was basically avoidance of refined carbohydrates - a plan that's been recommended by physicians like myself for decades."

MINI-STROKE SYMPTOMS: WHAT YOU SHOULD NEVER IGNORE

A MINI-stroke is known as a transient ischemic attack - or TIA in the medical world. And, just like an actual stroke, it's caused by an interruption in blood flow to the brain, usually from a blood clot. "A TIA is often an early warning of a much more deadly neurological catastrophe that can't be reversed," said Dr. Fischer. Watch for these signs: weakness of one leg or arm, trouble with speaking, sudden dizziness, disorientation or impaired short-term memory.

CRYPTOGRAM QUOTES

FAMOUS QUOTES FROM YOUR FAVORITE PEOPLE

Cryptograms are coded messages. To solve the Cryptogram, each coded letter must be replaced by the answer letter in the box overhead. When you solve the code for a letter, write the answer letter in the box everywhere the coded letter appears. Look for common words and letter patterns to break the code. Words like AND, I, THE and A are found frequently. Common word endings are ING, S and E.

ASK THE VET

WITH DR. JEFF LACROIX

Owning a pet can be a rewarding but often puzzling experience. ENQUIRER columnist, top veterinarian Dr. Jeff LaCroix, answers the toughest questions about your four-legged friends.

MOVING WITH CATS
We're moving in two weeks and wonder what is the best way to orient our two indoor/outdoor cats so they can find their new home?

They will probably protest,

but it's a good idea to keep them indoors for the first few days – with screened windows open if your weather permits. That will let them learn the new neighborhood smells. You'll also get a chance to ask your

SPONSORED BY

neighbors about local cat or dog bullies.

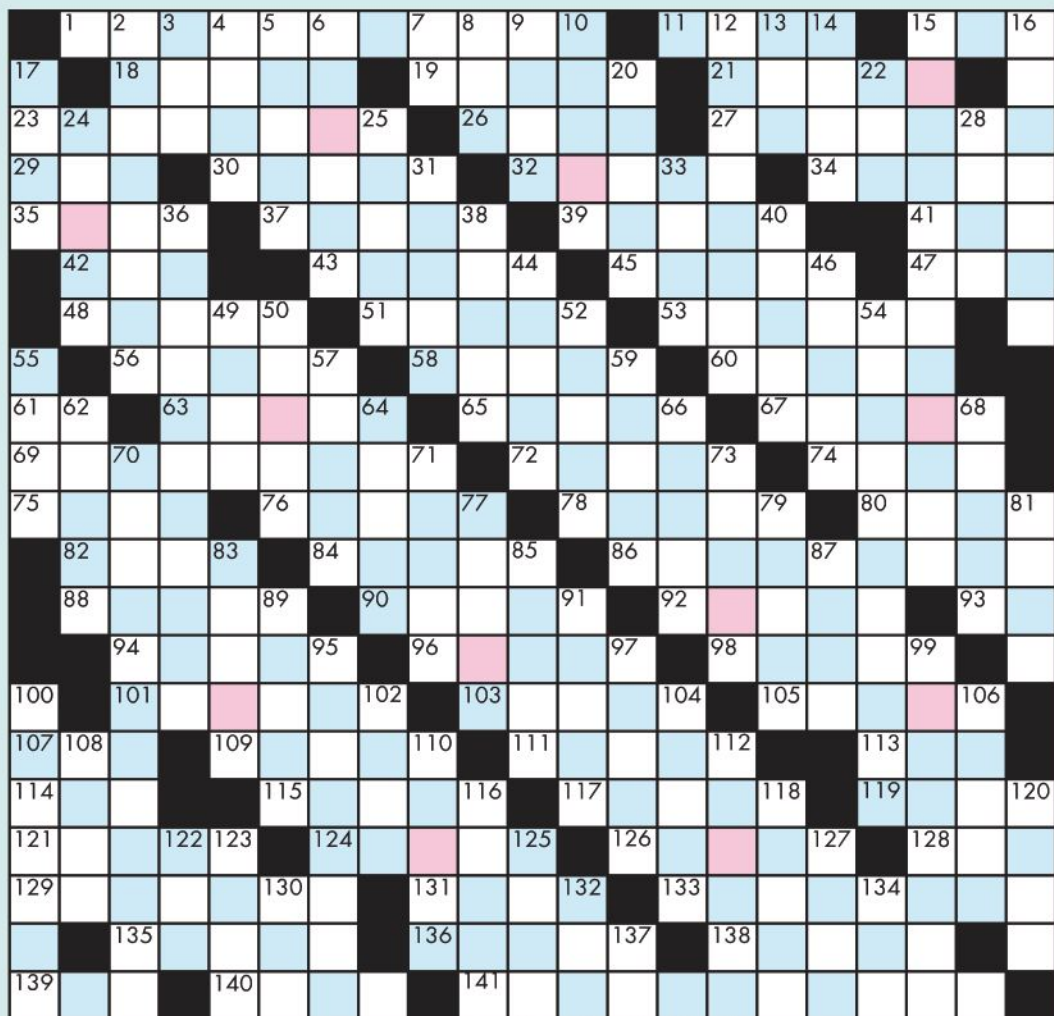

Check the weather before their first trip outdoors. You don't want rain in the forecast to wash away their scent trails. It may sound silly, but put some of their used litter at the edges of your property so they have a familiar smell to "home" into.

Send your pet questions to Ask The Vet, National Enquirer, P.O. Box 1831, New York, NY 10156 or email letters@nationalenquirer.com.

HOW TO PLAY

You must fill in every empty square in the Sudoku grid. There's no right way of going about this, but there is only ever one solution. The big grid is split into nine mini-grids. There are nine rows running left to right and nine columns running down. In every row, you must have each of the numbers 1, 2, 3, 4, 5, 6, 7, 8 and 9. These can be in any order. The same applies to columns and mini-grids: place every number 1 through 9 in each column and in each mini-grid.

RUBBER BAND MAN

India's Jaspreet Singh Kalra is one **TWISTED** and **TALENTED** dude!

MOST teens are stubborn – but 15-year-old Jaspreet Singh Kalra is *totally* flexible!

You've seen contortionists before, but Jaspreet has really put a new twist on the old talent. This determined young man started out taking yoga in the Indian state of Punjab, and soon learned that he could create plenty of new positions!

"People ask if I have any pain in my body after doing this, but I never have," said Jaspreet. "I like doing this. It has become my hobby."

Jaspreet is about to stretch out in his native land, too! He's billing himself as "Rubber Boy" for an upcoming appearance on "India's Got Talent."

The young contortionist has already become an international sensation through his YouTube postings. His bizarre workouts prompt plenty of comments in all kinds of languages.

This all leads to some serious competition for American actor Daniel Browning Smith, who also bills himself as "Rubber Boy," and is listed as Guinness's official Most Flexible Man.

Jaspreet is letting his fellow flexies know he's not just screwing around.

"I want to be the No. 1 contortionist in the world," he said – and that's the kind of tangled ambition that gets you to the top of the Odd List!

Jaspreet Singh will soon be turning heads with his appearance on "India's Got Talent"

Strike it rich!
